

SAFETY NOTIFICATION TO WORKERS IN WOOLEN WEAR LTD.

(Address: Vogra, Bashan Sarak, BIPASS, Joydebpur, Gazipur)

Date: 4th February 2018

The Accord is a legal agreement between international garment brands and unions that represent workers. The purpose of the Accord is to protect the safety of garment workers by inspecting factory buildings, identifying risks to worker safety, and making sure that factory owners eliminate these risks by renovating and repairing the buildings.

The Accord inspected Woolen Wear Ltd. for fire, electrical and structural safety on 27th August 2014 and found a number of problems that could cause serious harm to workers. The Accord has asked Woolen Wear Ltd. to make changes to eliminate these risks. Unfortunately, Woolen Wear Ltd. has failed to:

- Complete the installation of fire doors. This could result in workers becoming stuck on the higher floors of the building if there is a fire.
- Complete the installation of a fire alarm system. This could result in workers not being warned that there is a fire.
- Complete fire separation in the relevant areas. This could result in workers becoming stuck on the higher floors of the building if there is a fire.
- Safely install and maintain electrical equipment and fix up electrical wiring. This could create serious electrical hazards in the factory which might lead to fire incidents.
- Submit a detailed analysis of the structural safety of the building and fix the problems with the building structure. This could result in the failure of the structure and injuries to workers.

The Accord has made many efforts to get the owners of Woolen Wear Ltd. to fix these safety hazards, so that workers will be safe, but the owners have refused to do so.

As a result, Woolen Wear Ltd. is unsafe for workers. Because of this, the brands that have signed the Accord will no longer do business with Woolen Wear Ltd. and will no longer place any orders at the factory. The Accord wants to make sure that all workers at Woolen Wear Ltd. are aware that the building is not safe.

If workers choose not to work at Woolen Wear Ltd. because of these safety risks, or if Woolen Wear Ltd. closes, the brands that have signed the Accord will make an effort to
