

on Fire and Building Safety in Bangladesh

SAFETY NOTIFICATION TO WORKERS IN ALI APPARELS LTD.

Address: Kutubail, Katherpool, Fatullah, Narayanganj.

Date: 24 August 2017

The Accord is a legal agreement between international garment brands and unions that represent workers. The purpose of the Accord is to protect the safety of garment workers by inspecting factory buildings, identifying risks to worker safety, and making sure that factory owners eliminate these risks by renovating and repairing the buildings.

The Accord has conducted three inspections of Ali Apparels Ltd. in the period 12 – 19 April 2014 and found a number of problems that could cause serious harm to workers. The Accord has asked Ali Apparels Ltd. to make changes to eliminate these risks. Unfortunately, Ali Apparels Ltd. has failed to:

- Remove locking features or render them inoperable from the egress doors/gates. This could result in workers being locked in the factory during a fire or another emergency.
- Remove collapsible gates/sliding doors/rolling shutters. This could be an obstacle for workers during evacuation in case of fire or another emergency.
- Install fire doors. This could result in workers becoming stuck on the higher floors of the building if there is a fire.
- Install a fire alarm system. This could result in workers not being warned that there is a fire.
- Ensure that the exits are free of storage or other obstacles. This could result in workers becoming stuck in case of fire or another emergency.
- Complete fire separation in the relevant areas. This could result in workers becoming stuck on the higher floors of the building if there is a fire.

The Accord has made many efforts to get the owners of Ali Apparels Ltd. to fix these safety hazards, so that workers will be safe, but the owners have refused to do so.

As a result, Ali Apparels Ltd. is unsafe for workers. Because of this, the brands that have signed the Accord will no longer do business with Ali Apparels Ltd. and will no longer place any orders at the factory. The Accord wants to make sure that all workers at Ali Apparels Ltd. are aware that the building is not safe.

If workers choose not to work at Ali Apparels Ltd. because of these safety risks, or if Ali Apparels Ltd. closes, the brands that have signed the Accord will make an effort to help workers find jobs at nearby factories that are safe. There is no guarantee that a job will be available, but the brands will try to assist.
