

SAFETY NOTIFICATION TO WORKERS IN CALVIN FASHION LTD.

Address: 1014/A, East Nasirabad, B.B. Road, Chittagong

Date: 28 May 2016

The Accord is a legal agreement between international garment brands and unions that represent workers. The purpose of the Accord is to protect the safety of garment workers by inspecting factory buildings, identifying risks to worker safety, and making sure that factory owners eliminate these risks by renovating and repairing the buildings.

The Accord has conducted an inspection of Calvin Fashion Ltd. on 24th August 2014 and found a number of problems that could cause serious harm to workers. The Accord has asked Calvin Fashion Ltd. to make changes to eliminate these risks. Unfortunately, Calvin Fashion Ltd. has failed to:

- Remove locking features or rendered inoperable from the egress doors/gates. This could result in workers be locked in the factory during a fire or another emergency.
- Remove collapsible gates/sliding door/rolling shutters. This could be an obstacle for workers during evacuation in case of fire incident or another emergency.
- Install fire doors. This could result in workers becoming stuck on the higher floors of the building if there is a fire.
- Install a good fire alarm system. This could result in workers not being warned that there is a fire.
- Submit a detailed analysis of the structural safety of the building and fix any problems with the building structure. This could result in the failure of the structure and injuries to workers.
- Install electrical equipment and fix up electrical wiring. This could create serious electrical hazard at any moment in the factory which might lead to fire incidents.

The Accord has made many efforts to get the owners of Calvin Fashion Ltd. to fix these safety hazards, so that workers will be safe, but the owners have refused to do so.

As a result, Calvin Fashion Ltd. is unsafe for workers. Because of this, the brands that have signed the Accord will no longer do business with Calvin Fashion Ltd. and will no longer place any orders at the factory. The Accord wants to make sure that all workers at Calvin Fashion Ltd. are aware that the building is not safe.

If workers choose not to work at Calvin Fashion Ltd. because of these safety risks, or if Calvin Fashion Ltd. closes, the brands that have signed the Accord will make an effort to help workers find jobs at nearby factories that are safe. There is no guarantee that a job will be available, but the brands will try to assist.
